Building Permits

A Building Permit is required for almost all building projects and construction in the City of St. Clair including: new construction, home or garage addition, storage building, deck, porch, re-roof, window replacement, siding, finishing basement, etc. Contact the City Clerk (245-3494) for a Building Permit Application or for other information before undertaking any building project.

Building and Zoning Information is also available on the City website www.stclair.govoffice2.com and on the City Building Inspector's website www.buildingcodeinfo.com (Dan Murphy, Building Official, City Building Inspection Services, LLC)

Nuisance Properties

While most yards and properties throughout St. Clair are attractive and well kept, the City has received complaints about a number of unkempt (nuisance) properties. Properties with unkempt yards, long grass/weeds, old tires, scrap metal, lumber, brush, inoperable and unlicensed vehicles, garbage, junk/items stacked and piled around and behind garages and in yards, etc.

Residents with unkempt (nuisance) properties will be notified by the City Attorney, in accordance with the City Nuisance Ordinance. The procedure is as follows:

- Residents in violation of the Nuisance Ordinance will be notified in writing. In accordance with the City Nuisance Ordinance they will be given time to correct the violation.
- If the property is not cleaned up within the allotted time the City will take action and clean up the property (remove and dispose of items creating the nuisance).
- The cost of the clean-up (removal, disposal, labor costs, etc.) will then be assessed to the property owner.

**City Wide Clean-Up Day
has been scheduled for**

Saturday, July 11th

Detailed information will also be announced in the monthly City Newsletter and posted on the City website as soon as it becomes available from LJP Waste and Recycle.
